

Snappy's Safekeeping Locker

Policy and Procedure

Policy

Snappy's will keep any items that do not pose a health and safety risk in a locked security locker for a customer. The customer will provide their own locking mechanism to which Snappy's employees will have NO ACCESS. Certain items cannot be placed in Snappy's secure lockers.

Prohibited Items:

- Illegal items – defined by local, state, and federal law
- Liquids
- Hazardous or Caustic Materials
- Food and Perishable Items
- Explosives (does not include Ammunition)
- Any other items deemed by Snappy's employees as risky or inappropriate

Procedure

- Customer will be escorted to and from locker by Snappy's Employee
- Snappy's Employee will not leave customer alone in the locker area
- Customer will be handling all items placed in locker. Snappy's Employee will have no contact with Customer's items
- Customer will secure their own locking mechanism on locker. Customer WILL NOT provide Snappy's employee any access (via key, combination, or other means) to locker
- Locker will not be disturbed by anyone other than Customer for duration of agreement
- Signed Agreement must be in place before any items are placed in locker
- Items can only be picked up by owner or legally appointed representative
